**PLAN YOUR
2018!**

SPECIALIST IN ENVIRONMENTAL REGULATIONS (SER) CERTIFICATION TRACKS IN SOUTH TEXAS

Three times a year, we're offering all classes required to earn your SER in South Texas. Classes will be held in Houston from Jan - Aug. Classes will be held in Austin Sep - Dec.

QUARTERLY SER CERTIFICATION TRACKS IN ARLINGTON

Each quarter, SER courses will be offered in Arlington, Texas. Select classes will be eligible for ETI's new Simulcast option.

See website at uta.edu/ded/eti for details.

ENVIRONMENTAL TRAINING INSTITUTE CERTIFICATION PLANNING

- The Environmental Regulatory Professional (ERP) will be scheduled in Spring from Jan - Jun.
- The Environmental Management Professional (EMP) is scheduled for Summer from Apr - Sep.
- The Environmental Science Professional (ESP) is planned for Fall from Jun - Dec.

Electives will only be offered during the relevant certificate seasons.

WHAT'S NEW THIS SPRING?

ENVIRONMENTAL TRAINING INSTITUTE SIMULCAST INITIATIVE

Announcing a new program for participants enrolled in select environmental courses. Beginning in the spring 2018, participants will have the opportunity to take select courses either face-to-face classes or through live streaming webinars. This option enables participants across the globe to join in training offered by UTA's Environmental Training Institute (ETI).

Visit the website for further details.

University of Texas at Arlington
Environmental Training Institute

Environmental Technology Professional (ETP)

Required:

- ☐ **ETI 101** - Introduction to Environmental Compliance
- ☐ **MM 720** - Environmental Monitoring & **MM 721** - Environmental Monitoring Lab

Elective (Select 1):

- ☐ **AIR 201** - Fundamentals of the Clean Air Act
- ☐ **WTR 301** - Introduction to Water and Wastewater Regulations
- ☐ **WST 401** - Resource Conservation and Recovery Act

For those looking to capitalize on the growing need for Environmental Technicians, the NEW **Environmental Technology Professional (ETP)** Certificate Program is designed and developed to provide you with the training essential for an entry or experienced level position as an Environmental Technician. Participants are required to complete three (3) required courses and one (1) elective course. After completing these requirements, you are only two (2) additional courses away from completing the Specialist in Environmental Regulations (SER) certification.

Specialist in Environmental Regulations (SER)

Required:

- ☐ **ETI 101** - Introduction to Environmental Compliance
- ☐ **AIR 201** - Fundamentals of the Clean Air Act
- ☐ **WTR 301** - Introduction to Water and Wastewater Regulations
- ☐ **WST 401** - Resource Conservation and Recovery Act

This certification introduces three key areas within the environmental industry including **Air, Water, and Waste**.

Once you complete the Specialist in Environmental Regulations (**SER**) requirements, you are only four (**4**) additional courses away from completing your Environmental Regulatory Professional (**ERP**) or Environmental Science Professional (**ESP**) requirements, and only five (**5**) additional courses away from completing your Environmental Management Professional (**EMP**).

These higher level certifications (**ERP**, **ESP**, **EMP**) fulfill one (**1**) of two (**2**) total requirements for the Master Certification (**MC**) for the Environmental Professional.

Environmental Regulatory Professional (ERP)

Required:

Specialist in Environmental Regulations (**SER**)

Electives (Select 4):

- ☐ **ETI 501** - EPA Outreach Trainer Course
- ☐ **ETI 503** - Update for EPA Outreach Trainer Course
- ☐ **AIR 210 - NEW!** Air Quality Compliance in Texas
- ☐ **WTR 302** - Stormwater Pollution Prevention Plans (SWPPP)
- ☐ **WTR 303** - Spill Prevention, Control, and Countermeasure (SPCC)
- ☐ **WTR 307** - National Pollutant Discharge Elimination System (NPDES)
- ☐ **WST 405** - Aboveground Storage Tank/Underground Storage Tank
- ☐ **MM 711** - Environmental Permitting - An Overview
- ☐ **MGE 802** Pollution Prevention and Lean Principles Workshop
- ☐ **MGE 810** - Environmental Audits
- ☐ **MGE 811** Environmental Law
- ☐ **WST 410 NEW!** - Managing Hazardous Waste in Texas Workshop
- ☐ **WST 460** - Resource Conservation and Recovery Act Overview (ONLINE)
- ☐ **DOT 101** - DOT Hazardous Materials
- ☐ **RM 101** - Safety, Health, and Environmental Risk Management (SHERM) Principles

*By Contract Only

- ☐ ***AIR 203** - Fundamentals of Air Quality Management
- ☐ ***WST 403** - Introduction to Remediation: Leaking Petroleum Storage Tanks
- ☐ ***MGE 803** - ESHIA: Environmental, Social, and Health Impact Assessment

- ☐ **WST 410 NEW!**
Managing Hazardous Waste in Texas Workshop

*By Contract Only

- ☐ ***MM 730** - Introduction to Environmental Toxicology
- ☐ ***MGE 803** - ESHIA: Environmental, Social, and Health Impact Assessment
- ☐ ***MGE 804** - Sustainability
- ☐ ***MGE 805**
Energy Efficiency/Management
- ☐ **MGE 830**
Technical Writing for the EHS Professional

Master Certification (MC) for the Environmental Professional

The Master Certification is our most advanced level of certification. The foundation of this advanced certification is the Management System Design for EHS course. To complete the Master Certification for the Environmental Professional, participants must complete all requirements and three (3) additional environmental electives.

Required:

- ☐ **MS 901**- Management System Design for EHS (**Note: Formerly MC101**)

Required (Select 1):

- ☐ Environmental Regulatory Professional (**ERP**) Certification
- ☐ Environmental Science Professional (**ESP**) Certification
- ☐ Environmental Management Professional (**EMP**) Certification

Additional

Environmental Electives (3):

Note: Environmental electives used for the required environmental certification (ERP, ESP, EMP) chosen may not be used toward the Master Certification for the Environmental Professional.

In order to obtain your certification, download the appropriate Certificate Request Form from uta.edu/ded.

ETI 101**Introduction to Environmental Compliance**

32 Hours | \$895 per student
\$11,000 Group Price

This course is designed to give environmental, safety and health professionals the tools needed to reduce environmental risks. The course will present a full overview of EPA environmental regulations and demonstrate how to identify regulations pertinent to a company's operations.

The course also addresses elements of the major environmental programs at the state level and reviews relevant enforcement and compliance tools by regulatory area. Activities and case studies will be used throughout the course in order for participants to apply the material presented.

Note: This course with completion exam will serve as the training prerequisite to the ETI 501 - EPA Outreach Trainer course.

Jan 23 - 26, 2018	San Antonio, TX
Feb 6 - 9, 2018	Houston, TX
Feb 27 - Mar 2, 2018	Arlington, TX
Apr 10 - 13, 2018	Houston, TX

Dec 4 - 7, 2018	Arlington, TX

ETI 501**EPA Outreach Trainer Course**

32 Hours | \$695 per student
\$9,000 Group Price

Environmental compliance is the responsibility of all workers. Communicating and integrating environmental compliance into operations can be challenging. Attendance and successful completion of this course with a passing grade on the final exam certifies trainers to teach the EPA 8-Hour Environmental Hazard Awareness course and allows them to be recognized by UTA as an EPA Outreach Trainer. Trainers certified through this course will receive a wallet card valid for 3 years.

During the course, EPA topics will be reviewed and training techniques presented to promote environmental awareness among workers and equip them to better protect human health and environmental resources. Various instructional approaches including the effective use of visual aids and handouts are covered, with course participants working in groups or independently to practice presentation of selected topics.

Note: Participants are encouraged to bring a laptop to work on presentation materials.

Prerequisites: ETI 101 - Introduction to Environmental Compliance with completion exam AND three years of environmental program experience. A college or master's degree in environmental programs or a Registered Environmental Manager (REM) designation from the National Registry of Environmental Professions may be substituted for two years of experience.

Mar 27 - 30, 2018	Lake Charles, LA
Jun 5 - 8, 2018	Arlington, TX
Jul 24 - 27, 2018	Austin, TX

ETI 503 NEW!**Update for EPA Outreach Trainer Course**

16 Hours | \$495 per student
\$6,000 Group Price

This course is designed for Authorized Outreach Trainers who completed the ETI 501 EPA Outreach Trainer Course. This course provides an update on EPA regulations and instructional approaches. Upon completion, participants will demonstrate effective adult learning principles and training techniques to present environmental hazards as they continue to teach the EPA 8-Hour Environmental Hazard Awareness class.

Prerequisites: Authorized Outreach Trainers are required to complete the ETI 501 EPA Outreach Trainer Course.

Refresher Training: Authorized Outreach trainers are required to attend the ETI 503 Update for the EPA Outreach Trainer Course at least once every three (3) years to maintain their trainer status.

Feb 14 - 15, 2018	Austin, TX
May 16 - 17, 2018	Oklahoma City, OK

UTA EPA Outreach Trainers are now able to submit UTA EPA Outreach card request through the Outreach Portal via our website, OutreachPortal.com.

For more information on using the Outreach Portal, please contact our office:
866.906.9190 | outreach@uta.edu.

AIR QUALITY CERTIFICATE

2 Courses Required. Cost depends on selected courses.

Required:

- ☐ AIR 201 - Fundamentals of the Clean Air Act

Select 1:

- ☐ AIR 202 - Air Monitoring Techniques
- ☐ AIR 210 - Air Quality Compliance in Texas
- ☐ AIR 211 - Stack Testing/Ambient Monitoring Project Management

AIR 201

Fundamentals of the Clean Air Act

24 Hours | \$750 per student
\$9,000 Group Price

The Clean Air Act (CAA) requires facilities to implement robust air emission control practices which are regulated and enforced through a complex permitting process. During this class, the instructor will provide an overview of the most pertinent CAA requirements, including the New Source Review process and Title V permitting, as well as programs to manage hazardous air pollutants and criterion pollutants. Through classroom activities, presentations, and a discussion of compliance and enforcement activities, students will gain an understanding of what requirements may apply to their facilities and the path to compliance.

Feb 19 - 21, 2018	Houston, TX
• Mar 12 - 14, 2018	Arlington, TX
• Mar 12 - 14, 2018	El Paso, TX
Apr 30 - May 2, 2018	Houston, TX
Jun 18 - 20, 2018	Arlington, TX
Jul 16 - 18, 2018	Houston, TX
Aug 27 - 29, 2018	Arlington, TX
Oct 16 - 18, 2018	Austin, TX
Nov 26 - 28, 2018	Arlington, TX

AIR 202

Air Monitoring Techniques

16 Hours | \$650 per student
\$8,000 Group Price

This course includes an overview of air monitoring and sampling, techniques to develop an air sampling strategy, purpose of air monitoring instruments (including DRI, PID, FID, and different types of dosimetry), common sampling media, calibration requirements, laboratory analysis, and documentation requirements. Through scenario-based activities, students will be given an opportunity to apply the techniques and principles presented.

Note: Students are encouraged to bring a scientific calculator for class exercises.

Prerequisite: AIR 201 Fundamentals of the Clean Air Act

May 3 - 4, 2018	Houston, TX
Nov 29 - 30, 2018	Arlington, TX

AIR 210 NEW!

Air Quality Compliance in Texas

8 Hours | \$395 per student
\$5,000 Group Price

This one-day course provides an overview of air quality regulations and permitting in the state of Texas. Those new or experienced to air quality compliance will benefit from this course. Through classroom exercises, students will gain an understanding of the state regulatory requirements.

Course topics: Introduction to State Regulations (emissions inventories, VOC and NOx control), Emission Calculations, Title V Operating, Permits, and Trends in Air Quality Permitting.

Prerequisite: AIR 201 Fundamentals of the Clean Air Act

Mar 15, 2018	Arlington, TX
Jun 21, 2018	Arlington, TX
Jul 19, 2018	Houston, TX
Aug 30, 2018	Arlington, TX
Oct 19, 2018	Austin, TX

AIR 211 NEW!

Stack Testing/Ambient Monitoring Project Management

8 Hours | \$395 per student
\$5,000 Group Price

To ensure that the regulated community understands EPA data quality assurance requirements for performing stack testing and ambient monitoring, this course provides attendees an overview of key concepts and best management practices for successful Stack Testing/Ambient Monitoring Project Management and testing oversight. Topics covered: review of common EPA stack test methods and common pollutants monitored, how to read and interpret a stack test report, identify errors/omissions, identifying key siting and configuration factors that affect monitoring, required data collection, and quality assurance necessary for data validation.

Prerequisite: AIR 201 Fundamentals of the Clean Air Act

Jun 22, 2018	Arlington, TX
Aug 31, 2018	Arlington, TX

WTR 301**Introduction to Water and Wastewater Regulations**

24 Hours | \$795 per student
\$10,000 Group Price

This course provides an introduction to the Clean Water Act (CWA) and the National Pollutant Discharge Elimination System (NPDES). The course will facilitate the student's ability to attain and maintain compliance with applicable water and wastewater regulations, and to better understand how those regulations impact their organization. Discussion topics include NPDES permit types for storm water, industrial wastewater, domestic wastewater, and pre-treatment. Case studies and class activities will be used to provide opportunities for participants to utilize knowledge gained during the course.

Jan 17 - 19, 2018	Arlington, TX
Feb 13 - 15, 2018	Albuquerque, NM
Mar 13 - 15, 2018	Houston, TX
Apr 25 - 27, 2018	Arlington, TX
May 15 - 17, 2018	Houston (South), TX
Jun 13 - 15, 2018	Arlington, TX
Jul 11 - 13, 2018	San Antonio, TX
Aug 7 - 9, 2018	Houston, TX
Sep 18 - 20, 2018	Austin, TX
Nov 19 - 21, 2018	Arlington, TX

WTR 302**Stormwater Pollution Prevention Plans (SWPPP)**

16 Hours | \$650 per student
\$8,000 Group Price

This course covers the fundamental requirements of a storm water pollution prevention plan including how to identify a facility's potential sources of pollution, discharge, or contamination, and methods to prevent and control storm water pollution through the implementation of best management practices (BMPs). From new construction to plant operations, participants will gain an understanding of erosion and sedimentation challenges, as well methods to monitor and evaluate the effectiveness of SWPPPs.

Jan 30 - 31, 2018	Austin, TX
Apr 3 - 4, 2018	Texas City, TX
May 1 - 2, 2018	Lake Charles, LA
Jun 25 - 26, 2018	Arlington, TX

ONLINE TRAINING NOW AVAILABLE

WST 460 Resource Conservation and Recovery Act (RCRA) - \$195

Visit uta.edu/ded/eti for more information.

WTR 303**Spill Prevention, Control, and Countermeasure (SPCC)**

16 Hours | \$650 per student
\$8,000 Group Price

Under the Clean Water Act (CWA), the U.S. Environmental Protection Agency requires that regulated oil storage facilities develop and implement oil spill prevention, control, and countermeasure (SPCC) plans. In this spill prevention training course, participants will learn about SPCC plans, pollution regulations, proper storage of oil, oil transfer procedures, proper containment practices including secondary containment, and how to avoid security breaches and follow proper discharge procedures.

Feb 1 - 2, 2018	Austin, TX
Apr 5 - 6, 2018	Texas City, TX
May 3 - 4, 2018	Lake Charles, LA
Jun 28 - 29, 2018	Arlington, TX

WTR 305**Wastewater Pretreatment – Strategies and Controls**

16 Hours | \$650 per student
\$8,000 Group Price

This introductory training for wastewater pretreatment provides practical resources to implement NPDES federal, state, and local wastewater pretreatment requirements under the Clean Water Act. Attendees will gain the ability to evaluate the need for permits and to effectively comply with permit requirements.

Mar 15 - 16, 2018	Arlington, TX
Oct 2 - 3, 2018	Arlington, TX

WTR 307**National Pollutant Discharge Elimination System (NPDES) – Water Quality**

16 Hours | \$650 per student
\$8,000 Group Price

The National Pollutant Discharge Elimination System (NPDES) is a comprehensive program to manage pollutant discharges through a permitting process. Through workshops and case studies presented during this course, participants will explore the NPDES permitting process as well as the preservation of water quality.

May 23 - 24, 2018	Arlington, TX
-------------------	---------------

WTR 308**Potable Water Storage Inspection Techniques**

16 Hours | \$650 per student
\$8,000 Group Price

This course provides students a well-rounded overview of reasons and methods for water storage facility inspection. The course will also cover inspection strategy development, selection and use of underwater cameras, sediment sampling devices, gas monitoring instruments needed for human entry into the tank, and best practices for inspection documentation.

Feb 15 - 16, 2018	Arlington, TX
Oct 4 - 5, 2018	Arlington, TX

WASTE MANAGEMENT CERTIFICATE

2 Courses Required. Cost depends on selected courses.

Required:

- ☐ WST 401 - Resource Conservation and Recovery Act
- ☐ WST 410 - Managing Hazardous Waste in Texas Workshop

WST 401**Resource Conservation and Recovery Act****32 Hours | \$895 per student****\$11,000 Group Price**

This course is designed for professionals whose job duties include managing, storing, and shipping hazardous waste; managing solid waste; and identifying underground storage tanks (USTs). Participants will learn about the federal Resource Conservation and Recovery Act (RCRA) and become familiar with a wide array of related federal, state, and local agencies as well as their requirements. The course will present the basics of managing non-hazardous waste, permitting processes, common violations, and waste minimization.

Feb 12 - 15, 2018 Arlington, TX

Apr 9 - 12, 2018 San Antonio, TX

May 21 - 24, 2018 Houston (South), TX

Nov 5 - 8, 2018 Austin, TX

Dec 11 - 14, 2018 Arlington, TX

MGE 830 NEW!**Technical Writing for the EHS Professional****32 Hours | \$895 per student****\$11,000 Group Price**

This program prepares the adult learner for a career as a technical writer and a more confident communicator in EHS fields. It provides participation with advanced writing and communication skills to clearly and precisely convey technical information to a specific audience.

Aug 14 - 17, 2018 Arlington, TX

MGE 811**Environmental Law****24 Hours | \$750 per student****\$9,000 Group Price**

This course assists EHS professionals in identifying legal issues, deepening their understanding of how the law intersects with work duties and responsibilities, and learning how best to protect themselves and their employers from claims and enforcement actions. This course surveys the broad array of federal, state, and local laws and agencies regulating the environmental impacts of company operations. Real-world case histories illustrating how best to negotiate and defend a company from penalties will be provided.

Mar 14 - 16, 2018 Arlington, TX

Jun 6 - 8, 2018 Arlington, TX

WST 405**Aboveground Storage Tank/ Underground Storage Tank****16 Hours | \$650 per student****\$8,000 Group Price**

Proper tank management of hazardous materials and petroleum products is critical to maintaining water quality. This course is designed to give a background, overview, and basic understanding of Underground Storage Tank and Aboveground Storage Tank (UST and AST) systems and components, laws, policies and guidelines to ensure compliance with federal and state environmental regulations.

Apr 4 - 5, 2018

Arlington, TX

WST 410 NEW!**Managing Hazardous Waste in Texas Workshop****8 Hours | \$395 per student****\$5,000 Group Price**

This 8-hour course covers the state-specific regulations for managing hazardous and industrial waste in Texas. Topics include: Texas regulations vs. Federal regulations, hazardous and industrial wastes classification, identifying and managing Texas-specific universal wastes, regulatory exclusions and exceptions, preparing the hazardous waste manifest, recordkeeping and reporting requirements in Texas, as well as pollution prevention planning.

Prerequisite: WST 401 - Resource Conservation and Recovery Act.

Feb 16, 2018 Arlington, TX

Jul 24 - 27, 2018 Arlington, TX

MGE 810**Environmental Audits****24 Hours | \$895 per student****\$11,000 Group Price**

Consequences of non-compliance can include increased liability and significant fines and penalties. This course provides participants with an in-depth look at multimedia environmental compliance auditing in all types of organizations in accordance with demonstrated industry techniques and standards of practice.

Apr 11 - 13, 2018 Arlington, TX

Jul 11 - 13, 2018 Arlington, TX

Oct 24 - 26, 2018 Austin, TX

MM 711**Environmental Permitting - An Overview**

20 Hours | \$750 per student
\$9,000 Group Price

Knowing whether an environmental permit is required for specific operations can prevent potential costs and/or violations related to conducting unpermitted operations. Although it seems simple, the process of obtaining environmental permits is complicated and specific to a particular company's operations. This course will provide techniques for identifying the relevant types of permits and planning techniques to obtain documents in a timely fashion.

Apr 25 - 27, 2018 Arlington, TX

Sep 5 - 7, 2018 Arlington, TX

MM 720**Environmental Monitoring**

16 Hours | \$650 per student
\$8,000 Group Price

Environmental sampling is one of the primary methods of determining the effectiveness of controls. This class provides an overview of basic environmental monitoring techniques, including identifying when environmental monitoring is required; sampling techniques for air, water, and soil; sample handling, and review of documentation and more.

Feb 20 - 21, 2018 Arlington, TX

May 15 - 16, 2018 Houston (South), TX

Aug 8 - 9, 2018 Arlington, TX

Oct 24 - 25, 2018 Houston (South), TX

MM 721**Environmental Monitoring Lab**

8 Hours | \$395 per student
\$5,000 Group Price

This course applies the principles presented in Environmental Monitoring course in a laboratory setting. During the course, participants will explore the principles using environmental sampling equipment and case studies.

Prerequisites: Completion of the MM 720 Environmental Monitoring.

POLICIES

GSA PROGRAM

Discount pricing and streamlined purchasing procedures for open enrollment and contract training is now available to federal government customers through the University of Texas at Arlington's GSA Schedule 899 Environmental Services contract.

REGISTRATION

Registration is available online, in person, by phone, fax or mail.

- Online: uta.edu/ded
- In Person or by mail: 140 W. Mitchell St. Arlington, TX 76019
- By Phone: (817) 272-2581 or Toll Free: (866) 906-9190
- By Fax: (817) 272-2556

STUDENT WITHDRAWAL AND TRANSFER POLICY

Students have several options available should they need to withdraw from a class. The available options are dependent on when the student withdrawal is made. If a student withdraws from a class more than two full business days before the class, they may transfer to another class at no charge; hold fees in escrow up to one year at no charge; or refund their course fee less a \$35 processing charge for fees less than \$1,000, or 5% of fees over \$1,000. If a student withdraws from a class at any time from two days prior to the class start date or after a class begins, the fees are nonrefundable. They may transfer to another class or hold the fees in escrow. Please note: All student withdrawal requests must be received via telephone, Monday-Friday during normal business hours.

CANCELLATIONS

The University of Texas at Arlington reserves the right to change or cancel any class. In the unfortunate event that a class must be changed or canceled, you will be notified by phone and/or email. You are required to provide a valid e-mail address and phone number to ensure notification. The decision to cancel a class due to insufficient enrollment will be made approximately one to two business days prior to the class start date. In the event that a class for which you have registered is canceled, you may transfer to another class, have funds held in escrow or receive a refund in accordance with the policy.

OPEN ENROLLMENT

At the University of Texas at Arlington, our open enrollment classes are offered in a variety of formats and locations to better serve the community, including weekday classes in over 20 locations throughout Texas, New Mexico, Oklahoma, Arkansas, and Louisiana.

TEXTBOOKS

All course materials will be provided unless indicated otherwise.

OUTREACH PORTAL

The Outreach Portal is a web based application that allows Authorized Outreach Trainers to request 8-hour student completion cards electronically via the Internet. This portal provides trainers with a personal, easy to use interface that uploads course information and stores data for better record keeping.

ON SITE SERVICE

If your company is looking to train a group of people, you can save time and money by contracting us to bring our best training and services to your site. We can customize any of the courses we teach to focus the content on your specific industry or facility. We can also provide you with expert consultation on your environmental, safety and health programs. Whether you need a onetime audit or more robust program support, we are here to connect you with the necessary resources.

ACCOMMODATIONS

The Division for Enterprise Development is dedicated to providing equal educational opportunities to all qualified course participants. Contact cedquestions@uta.edu or call 866.906.9190 for information regarding special accommodations.

TITLE IX POLICY

The University of Texas at Arlington does not discriminate on the basis of race, color, national origin, religion, age, gender, sexual orientation, disabilities, genetic information, and/or veteran status in its educational programs or activities it operates. For more information, visit uta.edu/eos. For information regarding Title IX, visit uta.edu/titleix.
