Specialist in Environmental Regulations (SER)

**Required:**
- ETI 101 - Introduction to Environmental Compliance
- AIR 201 - Fundamentals of the Clean Air Act
- WTR 301 - Introduction to Water and Wastewater Regulations
- WST 401 - Resource Conservation and Recovery Act

This certification introduces three key areas within the environmental industry including Air, Water, and Waste.

Once you complete the Specialist in Environmental Regulations (SER) requirements, you are only four (4) additional courses away from completing your Environmental Regulatory Professional (ERP) or Environmental Science Professional (ESP) requirements, and only five (5) additional courses away from completing your Environmental Management Professional (EMP).

These higher level certifications (ERP, ESP, EMP) fulfill one (1) of two (2) total requirements for the Master Certification (MC) for the Environmental Professional.

**Electives (Select 4):**
- ETI 501 - EPA Outreach Trainer Course
- ETI 503 - Update for EPA Outreach Trainer Course
- AIR 210 - NEW! Air Quality Compliance in Texas
- WTR 302 - Stormwater Pollution Prevention Plans (SWPPP)
- WTR 303 - Spill Prevention, Control, and Countermeasure (SPCC)
- MM 711 - Environmental Permitting - An Overview
- MGE 802 - Pollution Prevention and Lean Principles Workshop
- MGE 810 - Environmental Audits
- MGE 811 - Environmental Law
- WST 410 NEW! - Managing Hazardous Waste in Texas Workshop
- WST 405 - Aboveground Storage Tank/Underground Storage Tank

- AIR 211 - Stack Testing/Ambient Monitoring Project Management

AIR 201
Fundamentals of the Clean Air Act
24 Hours | $750 per student
$9,000 Group Price

The Clean Air Act (CAA) requires facilities to implement robust air emission control practices which are regulated and enforced through a complex permitting process. During this class, the instructor will provide an overview of the most pertinent CAA requirements, including the New Source Review process and Title V permitting, as well as programs to manage hazardous air pollutants and criterion pollutants. Through classroom activities, presentations, and a discussion of compliance and enforcement activities, students will gain an understanding of what requirements may apply to their facilities and the path to compliance.

WTR 301
Introduction to Water and Wastewater Regulations
24 Hours | $795 per student
$10,000 Group Price
This course provides an introduction to the Clean Water Act (CWA) and the National Pollutant Discharge Elimination System (NPDES). The course will facilitate the student's ability to attain and maintain compliance with applicable water and wastewater regulations, and to better understand how those regulations impact their organization. Discussion topics include NPDES permit types for storm water, industrial wastewater, domestic wastewater, and pre-treatment. Case studies and class activities will be used to provide opportunities for participants to utilize knowledge gained during the course.

STUDENT WITHDRAWAL AND TRANSFER POLICY
Students have several options available should they need to withdraw from a class. The available options are dependent on when the student withdraws and whether the class is full. If a student withdraws from a class before the class begins, the fees are refundable. They may transfer to another class at no charge. If a student withdraws after the class begins, the fees are nonrefundable. They may transfer to another class or hold the fees in escrow. Please note: All student withdrawal requests must be received via telephone, Monday-Friday during normal business hours.

CANCELLATIONS
The University of Texas at Arlington reserves the right to change or cancel any class. In the unfortunate event that a class must be changed or canceled, you will be notified by phone and/or email. You are required to provide a valid e-mail address and phone number to ensure notification. The decision to cancel a class due to insufficient enrollment will be made approximately one to two business days prior to the class start date. In the event that a class for which you have registered is canceled, you may transfer to another class, have funds held in escrow or receive a refund in accordance with the policy.

OPEN ENROLLMENT
At the University of Texas at Arlington, our open enrollment classes are offered in a variety of formats and locations to better serve the community, including weekday classes in over 20 locations throughout Texas, New Mexico, Oklahoma, Arkansas, and Louisiana.

TEXTBOOKS
All course materials will be provided unless indicated otherwise.

OUTREACH PORTAL
The Outreach Portal is a web based application that allows Authorized Outreach Trainers to request 8-hour student completion cards electronically via the Internet. This portal provides trainers with a personal, easy to use interface that uploads course information and stores data for better record keeping.

ON SITE SERVICE
If your company is looking to train a group of people, you can save time and money by contracting with us to bring our best training and services to your site. We can customize any of the courses we teach to focus the content on your specific industry or facility. We can also provide you with expert consultation on your environmental, safety and health programs. Whether you need a one-time audit or more robust program support, we are here to connect you with the necessary resources.

ACCOMMODATIONS
The Division for Enterprise Development is dedicated to providing equal educational opportunities to all qualified course participants. Contact cedquestions@uta.edu or call 866.906.9190 for information regarding special accommodations.
