WELCOME TO
ENVIRONMENTAL TRAINING INSTITUTE
THE UNIVERSITY OF TEXAS AT ARLINGTON

PLAN YOUR
2018!

Three times a year, we’re offering all classes required to earn your SER in South Texas. Classes will be held in Houston from Jan – Aug. Classes will be held in Austin Sep – Dec.

QUARTERLY SER CERTIFICATION TRACKS IN ARLINGTON

Each quarter, SER courses will be offered in Arlington, Texas. Select classes will be eligible for ETI’s new Simulcast option.

See website at uta.edu/ded/eti for details.

NEW COURSES FOR 2018

AIR 211 NEW!
Stack Testing/Ambient Monitoring Project Management
8 Hours | $395 per student | $5,000 group rate
Jun 22, 2018 Arlington, TX
Aug 31, 2018 Arlington, TX
Refer to page 7 for course description.

MM 732 NEW!
Introduction to Phase I & Phase II Environmental Site Assessments
16 Hours | $650 per student | $8,000 group rate
Mar 20 - 21, 2018 Arlington, TX
Jun 11 - 12, 2018 Arlington, TX
Sep 17 - 18, 2018 Arlington, TX
Refer to page 10 for course description.

ENROLL NOW
uta.edu/ded/eti
eti@uta.edu
866.906.9190
Environmental Technology Professional (ETP)

**Required:**
- ETI 101 - Introduction to Environmental Compliance
- MM 720 - Environmental Monitoring & MM 721 - Environmental Monitoring Lab

**Elective (Select 1):**
- AIR 201 - Fundamentals of the Clean Air Act
- WTR 301 - Introduction to Water and Wastewater Regulations
- WST 401 - Resource Conservation and Recovery Act

For those looking to capitalize on the growing need for Environmental Technicians, the NEW Environmental Technology Professional (ETP) Certificate Program is designed and developed to provide you with the training essential for an entry or experienced level position as an Environmental Technician. Participants are required to complete three (3) required courses and one (1) elective course. After completing these requirements, you are only two (2) additional courses away from completing the Specialist in Environmental Regulations (SER) certification.

**SAFETY & HEALTH**

**SH 920**
Process Safety Management (PSM)
Jan 23 - 26, 2018
Oct 30 - Nov 2, 2018

**SH 930**
Project Management for EHS Professionals
Apr 17 - 20, 2018

Visit uta.edu/ded/osha for additional dates, location, and more information.

Specialist in Environmental Regulations (SER)

**Required:**
- ETI 101 - Introduction to Environmental Compliance
- AIR 201 - Fundamentals of the Clean Air Act
- WTR 301 - Introduction to Water and Wastewater Regulations
- WST 401 - Resource Conservation and Recovery Act

This certification introduces three key areas within the environmental industry including **Air, Water, and Waste**.

Once you complete the Specialist in Environmental Regulations (SER) requirements, you are only four (4) additional courses away from completing your Environmental Regulatory Professional (ERP) or Environmental Science Professional (ESP) requirements, and only five (5) additional courses away from completing your Environmental Management Professional (EMP).

These higher level certifications (ERP, ESP, EMP) fulfill one (1) of two (2) total requirements for the Master Certification (MC) for the Environmental Professional.

**Environmental Regulatory Professional (ERP)**

**Required:**
- Specialist in Environmental Regulations (SER)

**Electives (Select 4):**
- ETI 501 - EPA Outreach Trainer Course
- ETI 503 - Update for EPA Outreach Trainer Course
- AIR 210 - **NEW!** Air Quality Compliance in Texas
- WTR 302 - Stormwater Pollution Prevention Plans (SWPPP)
- WTR 303 - Spill Prevention, Control, and Countermeasure (SPCC)
- WTR 307 - National Pollutant Discharge Elimination System (NPDES)
- MM 711 - Environmental Permitting - An Overview
- MGE 802 - Pollution Prevention and Lean Principles Workshop
- MGE 810 - Environmental Audits
- MGE 811 - Environmental Law
- WST 410 NEW! - Managing Hazardous Waste in Texas Workshop
- WST 460 - Resource Conservation and Recovery Act Overview (ONLINE)
- DOT 101 - DOT Hazardous Materials
- RM 101 - Safety, Health, and Environmental Risk Management (SHERM) Principles

*By Contract Only

- *AIR 203 - Fundamentals of Air Quality Management
- *WST 403 - Introduction to Remediation: Leaking Petroleum Storage Tanks
- *MGE 803 - ESHIA: Environmental, Social, and Health Impact Assessment

Visit uta.edu/ded/eti for additional information.
Environmental Science Professional (ESP)

**Required:**
Specialist in Environmental Regulations (SER)

**Electives (Select 4):**
- AIR 202 - Air Monitoring Techniques
- AIR 211 - NEW! Stack Testing/Ambient Monitoring Project Management
- WTR 305 - Wastewater Pretreatment Strategies and Controls
- WTR 308 - Potable Water Storage Inspection Techniques
- MM 720 - Environmental Monitoring & MM 721 - Environmental Monitoring Lab
- MM 722 - Intro to Chemistry for the Environmental Professional
- MM 732 - Intro to Phase I & Phase II Environmental Site Assessments
- MGE 802 - Pollution Prevention and Lean Principles Workshop
- OSHA #521 - Industrial Hygiene
- HM 241 - HAZWOPER General Site Worker 40-Hour

*By Contract Only
- *AIR 203 - Fundamentals of Air Quality Management
- *WST 403 - Introduction to Remediation: Leaking Petroleum Storage Tanks
- *MM 710 - Environmental Controls
- *MM 730 - Intro to Environmental Toxicology

Environmental Management Professional (EMP)

**Required:**
Specialist in Environmental Regulations (SER)
- MGE 810 - Environmental Audits

**Electives (Select 3):**
- AIR 210 - NEW! Air Quality Compliance in Texas
- AIR 211 - NEW! Stack Testing/Ambient Monitoring Project Management
- WTR 305 - Wastewater Pretreatment – Strategies and Controls
- MM 711 - Environmental Permitting
- MM 722 - Intro to Chemistry for the Environmental Professional
- MM 732 NEW! Intro to Phase I & Phase II Environmental Site Assessments
- MGE 811 - Environmental Law
- RM 701 - Advanced Accident Investigation
- SH 920 - Process Safety Management (PSM) Introduction
- SH 930 - Project Management
- DR 660 - Incident Management Training
- WST 410 NEW! Managing Hazardous Waste in Texas Workshop

*By Contract Only
- *MM 730 - Introduction to Environmental Toxicology
- *MGE 803 - ESHIA: Environmental, Social, and Health Impact Assessment
- *MGE 804 - Sustainability
- *MGE 805 - Energy Efficiency/Management
- MGE 830 - Technical Writing for the EHS Professional

**Master Certification (MC) for the Environmental Professional**

The Master Certification is our most advanced level of certification. The foundation of this advanced certification is the Management System Design for EHS course. To complete the Master Certification for the Environmental Professional, participants must complete all requirements and three (3) additional environmental electives.

**Required:**
- MS 901 - Management System Design for EHS (Note: Formerly MC101)

**Required (Select 1):**
- Environmental Regulatory Professional (ERP) Certification
- Environmental Science Professional (ESP) Certification
- Environmental Management Professional (EMP) Certification

**Additional Environmental Electives (3):**
- 
- 
- 

*Note: Environmental electives used for the required environmental certification (ERP, ESP, EMP) chosen may not be used toward the Master Certification for the Environmental Professional.*

In order to obtain your certification, download the appropriate Certificate Request Form from uta.edu/ded.
ETI 101
Introduction to Environmental Compliance
32 Hours | $895 per student
$11,000 Group Price

This course is designed to give environmental, safety and health professionals the tools needed to reduce environmental risks. The course will present a full overview of EPA environmental regulations and demonstrate how to identify regulations pertinent to a company’s operations.

The course also addresses elements of the major environmental programs at the state level and reviews relevant enforcement and compliance tools by regulatory area. Activities and case studies will be used throughout the course in order for participants to apply the material presented.

Note: This course with completion exam will serve as the training prerequisite to the ETI 501 - EPA Outreach Trainer course.

Jan 23 - 26, 2018       San Antonio, TX
Feb 6 - 9, 2018         Houston, TX
Feb 27 - Mar 2, 2018    Arlington, TX
Apr 10 - 13, 2018      Houston, TX
● May 8 - 11, 2018     Arlington, TX
● May 8 - 11, 2018     West Memphis, AR
May 29 - Jun 1, 2018   Austin, TX
Jun 11 - 14, 2018      Houston (South), TX
Jun 26 - 29, 2018      Lake Charles, LA
Jul 17 - 20, 2018      Arlington, TX
Aug 21 - 24, 2018      Austin, TX
Sep 11 - 14, 2018      Houston, TX
Oct 9 - 12, 2018       Arlington, TX
Nov 13 - 16, 2018      Austin, TX
Dec 4 - 7, 2018        Arlington, TX

ETI 501
EPA Outreach Trainer Course
32 Hours | $695 per student
$9,000 Group Price

Environmental compliance is the responsibility of all workers. Communicating and integrating environmental compliance into operations can be challenging. Attendance and successful completion of this course with a passing grade on the final exam certifies trainers to teach the EPA 8-Hour Environmental Hazard Awareness course and allows them to be recognized by UTA as an EPA Outreach Trainer. Trainers certified through this course will receive a wallet card valid for 3 years.

During the course, EPA topics will be reviewed and training techniques presented to promote environmental awareness among workers and equip them to better protect human health and environmental resources. Various instructional approaches including the effective use of visual aids and handouts are covered, with course participants working in groups or independently to practice presentation of selected topics.

Note: Participants are encouraged to bring a laptop to work on presentation materials.

Prerequisites: ETI 101 - Introduction to Environmental Compliance with completion exam AND three years of environmental program experience. A college or master’s degree in environmental programs or a Registered Environmental Manager (REM) designation from the National Registry of Environmental Professions may be substituted for two years of experience.

Mar 27 - 30, 2018       Lake Charles, LA
Jun 5 - 8, 2018         Arlington, TX
Jul 24 - 27, 2018       Austin, TX

ETI 503 NEW!
Update for EPA Outreach Trainer Course
16 Hours | $495 per student
$6,000 Group Price

This course is designed for Authorized Outreach Trainers who completed the ETI 501 EPA Outreach Trainer Course. This course provides an update on EPA regulations and instructional approaches. Upon completion, participants will demonstrate effective adult learning principles and training techniques to present environmental hazards as they continue to teach the EPA 8-Hour Environmental Hazard Awareness class.

Prerequisites: Authorized Outreach Trainers are required to complete the ETI 501 EPA Outreach Trainer Course.

Refresher Training: Authorized outreach trainers are required to attend the ETI 503 Update for the EPA Outreach Trainer Course at least once every three (3) years to maintain their trainer status.

Feb 14 - 15, 2018       Austin, TX
May 16 - 17, 2018       Oklahoma City, OK

UTA EPA Outreach Trainers are now able to submit UTA EPA Outreach card request through the Outreach Portal via our website, OutreachPortal.com.

For more information on using the Outreach Portal, please contact our office: 866.906.9190 | outreach@uta.edu.
AIR QUALITY CERTIFICATE
2 Courses Required. Cost depends on selected courses.
Required:
- AIR 201 - Fundamentals of the Clean Air Act
Select 1:
- AIR 202 - Air Monitoring Techniques
- AIR 210 - Air Quality Compliance in Texas
- AIR 211 - Stack Testing/Ambient Monitoring Project Management

AIR 201
Fundamentals of the Clean Air Act
24 Hours | $750 per student
$9,000 Group Price
The Clean Air Act (CAA) requires facilities to implement robust air emission control practices which are regulated and enforced through a complex permitting process. During this class, the instructor will provide an overview of the most pertinent CAA requirements, including the New Source Review process and Title V permitting, as well as programs to manage hazardous air pollutants and criterion pollutants. Through classroom activities, presentations, and a discussion of compliance and enforcement activities, students will gain an understanding of what requirements may apply to their facilities and the path to compliance.

Feb 19 - 21, 2018 Houston, TX
- Mar 12 - 14, 2018 Arlington, TX
- Mar 12 - 14, 2018 El Paso, TX
Apr 30 - May 2, 2018 Houston, TX
Jun 18 - 20, 2018 Arlington, TX
Jul 16 - 18, 2018 Houston, TX

Oct 16 - 18, 2018 Austin, TX
Nov 26 - 28, 2018 Arlington, TX

AIR 202
Air Monitoring Techniques
16 Hours | $650 per student
$8,000 Group Price
This course includes an overview of air monitoring and sampling techniques to develop an air sampling strategy, purpose of air monitoring instruments (including DRI, PID, FID, and different types of dosimetry), common sampling media, calibration requirements, laboratory analysis, and documentation requirements. Through scenario-based activities, students will be given an opportunity to apply the techniques and principles presented.

Note: Students are encouraged to bring a scientific calculator for class exercises.
Prerequisite: AIR 201 Fundamentals of the Clean Air Act

May 3 - 4, 2018 Houston, TX
Nov 29 - 30, 2018 Arlington, TX

AIR 210 NEW!
Air Quality Compliance in Texas
8 Hours | $395 per student
$5,000 Group Price
This one-day course provides an overview of air quality regulations and permitting in the state of Texas. Those new or experienced to air quality compliance will benefit from this course. Through classroom exercises, students will gain an understanding of the state regulatory requirements.

Course topics: Introduction to State Regulations (emissions inventories, VOC and NOx control), Emission Calculations, Title V Operating, Permits, and Trends in Air Quality Permitting.
Prerequisite: AIR 201 Fundamentals of the Clean Air Act

Mar 15, 2018 Arlington, TX
Jun 21, 2018 Arlington, TX
Jul 19, 2018 Houston, TX
Aug 30, 2018 Arlington, TX
Oct 19, 2018 Austin, TX

AIR 211 NEW!
Stack Testing/Ambient Monitoring Project Management
8 Hours | $395 per student
$5,000 Group Price
To ensure that the regulated community understands EPA data quality assurance requirements for performing stack testing and ambient monitoring, this course provides attendees an overview of key concepts and best management practices for successful Stack Testing/Ambient Monitoring Project Management and testing oversight. Topics covered: review of common EPA stack test methods and common pollutants monitored, how to read and interpret a stack test report, identify errors/omissions, identifying key siting and configuration factors that affect monitoring, required data collection, and quality assurance necessary for data validation.
Prerequisite: AIR 201 Fundamentals of the Clean Air Act

Jun 22, 2018 Arlington, TX
Aug 31, 2018 Arlington, TX

University of Texas at Arlington
Environmental Training Institute
WTR 301
Introduction to Water and Wastewater Regulations
24 Hours | $795 per student
$10,000 Group Price
This course provides an introduction to the Clean Water Act (CWA) and the National Pollutant Discharge Elimination System (NPDES). The course will facilitate the student’s ability to attain and maintain compliance with applicable water and wastewater regulations, and to better understand how those regulations impact their organization. Discussion topics include NPDES permit types for storm water, industrial wastewater, domestic wastewater, and pre-treatment. Case studies and class activities will be used to provide opportunities for participants to utilize knowledge gained during the course.

Jan 17 - 19, 2018 Arlington, TX

ONLINE TRAINING
NOW AVAILABLE

WST 460 Resource Conservation and Recovery Act (RCRA) - $195
Visit uta.edu/ded/eti for more information.

WTR 302
Stormwater Pollution Prevention Plans (SWPPP)
16 Hours | $650 per student
$8,000 Group Price
This course covers the fundamental requirements of a storm water pollution prevention plan including how to identify a facility’s potential sources of pollution, discharge, or contamination, and methods to prevent and control storm water pollution through the implementation of best management practices (BMPs). From new construction to plant operations, participants will gain an understanding of erosion and sedimentation challenges, as well methods to monitor and evaluate the effectiveness of SWPPPs.

Jan 30 - 31, 2018 Austin, TX
Apr 3 - 4, 2018 Texas City, TX
May 1 - 2, 2018 Lake Charles, LA
Jun 25 - 26, 2018 Arlington, TX

WTR 303
Spill Prevention, Control, and Countermeasure (SPCC)
16 Hours | $650 per student
$8,000 Group Price
Under the Clean Water Act (CWA), the U.S. Environmental Protection Agency requires that regulated oil storage facilities develop and implement oil spill prevention, control, and countermeasure (SPCC) plans. In this spill prevention training course, participants will learn about SPCC plans, pollution regulations, proper storage of oil, oil transfer procedures, proper containment practices including secondary containment, and how to avoid security breaches and follow proper discharge procedures.

Feb 1 - 2, 2018 Austin, TX
Apr 5 - 6, 2018 Texas City, TX
May 3 - 4, 2018 Lake Charles, LA
Jun 28 - 29, 2018 Arlington, TX

WTR 305
Wastewater Pretreatment – Strategies and Controls
16 Hours | $650 per student
$8,000 Group Price
This introductory training for wastewater pretreatment provides practical resources to implement NPDES federal, state, and local wastewater pretreatment requirements under the Clean Water Act. Attendees will gain the ability to evaluate the need for permits and to effectively comply with permit requirements.

Mar 15 - 16, 2018 Arlington, TX
Oct 2 - 3, 2018 Arlington, TX

WTR 307
National Pollutant Discharge Elimination System (NPDES) – Water Quality
16 Hours | $650 per student
$8,000 Group Price
The National Pollutant Discharge Elimination System (NPDES) is a comprehensive program to manage pollutant discharges through a permitting process. Through workshops and case studies presented during this course, participants will explore the NPDES permitting process as well as the preservation of water quality.

May 23 - 24, 2018 Arlington, TX

WTR 308
Potable Water Storage Inspection Techniques
16 Hours | $650 per student
$8,000 Group Price
This course provides students a well-rounded overview of reasons and methods for water storage facility inspection. The course will also cover inspection strategy development, selection and use of underwater cameras, sediment sampling devices, gas monitoring instruments needed for human entry into the tank, and best practices for inspection documentation.

Feb 15 - 16, 2018 Arlington, TX

This course is designed for professionals whose job duties include managing, storing, and shipping hazardous waste; managing solid waste; and identifying underground storage tanks (USTs). Participants will learn about the federal Resource Conservation and Recovery Act (RCRA) and become familiar with a wide array of related federal, state, and local agencies as well as their requirements. The course will present the basics of managing non-hazardous waste, permitting processes, common violations, and waste minimization.

<tbody>
<tr>
<td>8 Hours</td>
<td>$395 per student</td>
<td>$5,000 Group Price</td>
</tr>
</tbody>
</table>

This 8-hour course covers the state-specific regulations for managing hazardous and industrial waste in Texas. Topics include: Texas regulations vs. federal regulations, hazardous and industrial wastes classification, identifying and managing Texas-specific universal wastes, regulatory exclusions and exceptions, preparing the hazardous waste manifest, recordkeeping and reporting requirements in Texas, as well as pollution prevention planning.

**Prerequisite:** WST 401 - Resource Conservation and Recovery Act.

- Feb 16, 2018 Arlington, TX
- May 25, 2018 Houston (South), TX
- Jun 15, 2018 Arlington, TX
- Nov 9, 2018 Austin, TX

## MGE 801
### Environmental Management Systems ISO 14001:2015

<table>

<th>Group Price</th>
</tr>
</thead>
<tbody>
<tr>
<td>32 Hours</td>
<td>$995 per student</td>
<td>$12,000 Group Price</td>
</tr>
</tbody>
</table>

This updated course specifies general requirements and guidelines of the new ISO 14001:2015 Environmental Management System (EMS) standard. A fully implemented EMS will provide reasonable assurance of minimal negative environmental impact, improved environmental performance and sustainable growth. EMS can be utilized as a launching pad to move organizations towards sustainability through environmental source reduction, self-regulation, and continuous improvement.

- Apr 3 - 6, 2018 Houston (South), TX
- Jul 24 - 27, 2018 Arlington, TX

## MGE 810
### Environmental Audits

Consequences of non-compliance can include increased liability and significant fines and penalties. This course provides participants with an in-depth look at multimedia environmental compliance auditing in all types of organizations in accordance with demonstrated industry techniques and standards of practice.

- Apr 11 - 13, 2018 Arlington, TX
- Jul 11 - 13, 2018 Arlington, TX
- Oct 24 - 26, 2018 Austin, TX
**MM 711**  
**Environmental Permitting - An Overview**  
*20 Hours | $750 per student  
$9,000 Group Price*

Knowing whether an environmental permit is required for specific operations can prevent potential costs and/or violations related to conducting unpermitted operations. Although it seems simple, the process of obtaining environmental permits is complicated and specific to a particular company's operations. This course will provide techniques for identifying the relevant types of permits and planning techniques to obtain documents in a timely fashion.

**MM 720**  
**Environmental Monitoring**  
*16 Hours | $650 per student  
$8,000 Group Price*

Environmental sampling is one of the primary methods of determining the effectiveness of controls. This class provides an overview of basic environmental monitoring techniques, including identifying when environmental monitoring is required; sampling techniques for air, water, and soil; sample handling, and review of documentation and more.

**MM 732 NEW!**  
**Introduction to Phase I & Phase II Environmental Site Assessments**  
*16 Hours | $650 per student  
$8,000 Group Price*

During this course, participants will learn about concepts and skills for conducting Phase I & Phase II Environmental Site Assessments following federal requirements. Topics include:

- How to obtain records, site inspections, identify possible risk of contamination, historical photos, environmental liens, conduct interviews and how to write your final environmental site assessment report.
- Explain basic concepts of sampling plan development and field screening techniques and documentation.
- Identify the different types of sampling methods and protocols for waste, water/groundwater and soil.
- Interpret laboratory data and discuss the Standard Guide for Environmental Site Assessments: Phase II Environmental Site Assessment Process.

Policies

GSA Program
Discount pricing and streamlined purchasing procedures for open enrollment and contract training is now available to federal government customers through the University of Texas at Arlington’s GSA Schedule 899 Environmental Services contract.

Registration
Registration is available online, in person, by phone, fax or mail.
- Online: uta.edu/ded
- In Person or by mail: 140 W. Mitchell St. Arlington, TX 76019
- By Phone: (817) 272-2581 or Toll Free: (866) 906-9190
- By Fax: (817) 272-2356

Student Withdrawal and Transfer Policy
Students have several options available should they need to withdraw from a class. The available options are dependent on when the student withdrawal is made. If a student withdraws from a class more than two full business days before the class, they may transfer to another class at no charge; hold fees in escrow up to one year at no charge; or refund their course fee less a $35 processing charge for fees less than $1,000, or 5% of fees over $1,000. If a student withdraws from a class at any time from two days prior to the class start date or after a class begins, the fees are nonrefundable. They may transfer to another class or hold the fees in escrow. Please note: All student withdrawal requests must be received via telephone, Monday-Friday during normal business hours.

Cancellations
The University of Texas at Arlington reserves the right to change or cancel any class. In the unfortunate event that a class must be changed or canceled, you will be notified by phone and/or email. You are required to provide a valid e-mail address and phone number to ensure notification. The decision to cancel a class due to insufficient enrollment will be made approximately one to two business days prior to the class start date. In the event that a class for which you have registered is canceled, you may transfer to another class, have funds held in escrow or receive a refund in accordance with the policy.

Open Enrollment
At the University of Texas at Arlington, our open enrollment classes are offered in a variety of formats and locations to better serve the community, including weekday classes in over 20 locations throughout Texas, New Mexico, Oklahoma, Arkansas, and Louisiana.

Textbooks
All course materials will be provided unless indicated otherwise.

Outreach Portal
The Outreach Portal is a web based application that allows Authorized Outreach Trainers to request 8-hour student completion cards electronically via the Internet. This portal provides trainers with a personal, easy to use interface that uploads course information and stores data for better record keeping.

On Site Service
If your company is looking to train a group of people, you can save time and money by contracting us to bring our best training and services to your site. We can customize any of the courses we teach to focus the content on your specific industry or facility. We can also provide you with expert consultation on your environmental, safety and health programs. Whether you need a one time audit or more robust program support, we are here to connect you with the necessary resources.

Accommodations
The Division for Enterprise Development is dedicated to providing equal educational opportunities to all qualified course participants. Contact cedquestions@uta.edu or call 866.906.9190 for information regarding special accommodations.

Title IX Policy
The University of Texas at Arlington does not discriminate on the basis of race, color, national origin, religion, age, gender, sexual orientation, disabilities, genetic information, and/or veteran status in its educational programs or activities it operates. For more information, visit uta.edu/eos. For information regarding Title IX, visit uta.edu/titleix.
