We are excited to announce the **multiple ways you can participate** in your next training course. Some of these will be quite familiar to you, while others you may have only seen or heard about.

**AVAILABLE THIS FALL: ONLINE TRAINING AT YOUR OWN PACE**

ETI 101: Introduction to Environmental Compliance  
AIR 201: Fundamentals of the Clean Air Act  
MGE 810: Environmental Auditing  
NEW! MGE 820: Toxic Release Inventory (TRI) Reporting  
NEW! MGE 822: Lean Six Sigma for Environmental Professionals  
WTR 302: Stormwater Pollution Prevention Plans

**LET’S TAKE A MOMENT TO CLARIFY THE DIFFERENCES:**

**Face to Face:** This is the traditional classroom training typically conducted on-campus or at one of our training facilities. These are live classes offered on-site in a classroom. With this option, you have the benefit of speaking with your instructor and fellow participants face to face, with the greatest opportunity for networking and collaborative work with other participants.

**Simulcast:** This format is a hybrid option incorporating both the face to face classroom elements and online participation via a live interactive webinar during the scheduled class times. In a simulcast, you will have the option to participate in person on campus or have the live classroom broadcast to you where you will see the classroom and instructor and can participate via text or voice chat. This method offers flexibility if you choose not to attend on campus, is a great opportunity to be involved in the discussion and allows networking with a live instructor moderating.

**Webinar:** With this format, the training is conducted entirely in our online classroom using our web conferencing communication and collaboration platform that combines video and chat. You will have access to a virtual classroom where you can chat with your fellow students, download digital copies of the materials, and participate in the live lecture and discussion from the comfort of your home or office.

Note: The start times of individual classes may vary slightly. Please check the website or your registration receipt for the start time of your class.
