2 Online Self-Paced Courses
4 Environmental Certifications
4 ESG & Green Business Management
8 Pollution Prevention Workshop

ENVIRONMENTAL COMPLIANCE
WATER & WASTEWATER REGULATIONS
We are excited to announce our suite of online, self-paced training courses. 100% online, self-paced, 24/7 access, anytime, anywhere.

**ENVIRONMENTAL AUDITS MG E810**
Consequences of non-compliance can include increased liability and significant fines and penalties. This course provides participants with an in-depth look at multimedia environmental compliance auditing in all types of organizations in accordance with demonstrated industry techniques and standards of practice. Completion of this course will help improve compliance status, control risks, support environmental management systems, and identify opportunities for pollution prevention. $895

**FUNDAMENTALS OF THE CLEAN AIR ACT AIR201**
Provides an overview of the Clean Air Act requirements, including the New Source Review process and Title V permitting. Participants are presented with solutions to manage hazardous air pollutants and criterion pollutants. $750

**INTRO TO ENVIRONMENTAL COMPLIANCE ETI101**
This course presents a full overview of EPA environmental regulations and addresses elements of the major environmental programs at the state level. Activities and case studies will be used throughout the course in order for participants to apply the material presented. $895

**LEAN SIX SIGMA FOR ENV. PROFESSIONALS MG E822**
Through this online course, participants are given the opportunity to develop their skills and comprehension of Lean Six Sigma Principles for Environmental Professionals through focus on progressive techniques and practices in process improvement key concepts, the Lean PDCA process, the Six Sigma and the DMAIC process, and common root cause and failure assessment/prevention methods. $650

**RCRA OVERVIEW WST460**
Upon successful completion of this eight (8) hour online course, participants will be provided the basic elements of Resource Conservation and Recovery (RCRA) and waste management compliance. The course includes a history and overview of RCRA and helps participants understand to comply with hazardous waste regulations including identifying hazardous wastes, managing waste at your facility, contain management, how to properly keep records for compliance and enforcement. Topics include EPA and state registration requirements, solid and hazardous waste management procedures, hazardous waste determinations, categories of hazardous waste generators, hazardous waste transportation, hazardous waste accumulation methods, container management and procedures, universal waste management procedures, used oil management, and underground storage tanks. $195

**ROOT CAUSE ANALYSIS FOR ENV. PROFESSIONALS MG E821**
Through this online course, participants are given the opportunity to develop their skills and comprehension of Root Cause Analysis for Environmental Professionals through focus on progressive techniques and practices in Lean Six Sigma basis problem solving techniques, failure mode effects analysis (FMEA), root cause failure analysis (RCFA). $395

**STORMWATER POLLUTION PREVENTION PLANS (SWPPP) WTR302**
This course covers the fundamental requirements of a storm water pollution prevention plan. Topics for this course include how to identify a facility’s potential sources of pollution, discharge, or contamination, and methods to prevent and control storm water pollution through the implementation of best management practices (BMPs). Participants will gain an understanding of erosion and sedimentation challenges, as well methods to monitor and evaluate the effectiveness of SWPPPs. $650

**TOXICS RELEASE INVENTORY (TRI) REPORTING MG E818**
The purpose of this course is to give participants the ability to comply with the requirements of the TRI reporting requirements under the Emergency Planning and Community Right to Know Act. Reporters must track a list of over 600 chemicals to ensure that they do not manufacture process or otherwise use threshold amounts. This chemical list is revised regularly, including a recent revision during the COVID-19 pandemic. $650

**AIR QUALITY COMPLIANCE IN TEXAS AIR210**
This one-day course provides an overview of air quality regulations and permitting in the state of Texas. Participants will gain an understanding of the state regulatory requirements. $395

**STACK TESTING/AMBIENT MONITORING PROJECT MANAGEMENT AIR211**
An overview of key concepts and best management practices for successful Stack Testing/Ambient Monitoring Project Management and testing oversight. Topics include common EPA stack test methods and common pollutants monitored, stack test report, required data collection, and quality assurance. $395

**RESOURCE CONSERVATION AND RECOVERY ACT WST401**
Participants learn about the federal Resource Conservation and Recovery Act (RCRA), and federal, state, and local agencies and their requirements. Participants will be presented with the basics of managing non-hazardous waste, permitting processes, common violations, and waste minimization. $895

**ONLINE RENEWABLE ENERGY COURSES**

We are constantly adding new online course content. Please visit dedtraining.com for our current online course listings.
Stay current with our free webinars

These free, 1-hour webinars will allow you to connect with a field specialist, who will speak on current environmental topics. Participants will be able to ask questions and network with contemporaries in their field. Each webinar will cover a unique topic. Times will vary. Check the ETI website at uta.edu/ded/eti for details.

Stay up to date on our upcoming webinar topics by signing up for our weekly eblasts at uta.edu/ded/eti

The Environmental Training Institute offers professional training for those managing environmental challenges or implementing environmental regulations. Through our Training Institute, we are able to provide Environmental, Health, and Safety (EHS) professionals five certification programs that bundle curriculum and cultivate expertise in three distinct environmental areas: Regulatory, Science, and Management.
Introducing our suite of renewable energy courses.

**RENEWABLE ENERGY RESOURCES**
MGE 901 | 8 Hours | $395
An overview of State Energy and Environmental Programs and resources available to help create and implement energy strategies that reduce Air Pollution while also achieving other environmental, economic, and energy goals.

- Aug 24, 2021 | Live Webcast
- Nov 8, 2021 | Live Webcast
- Feb 15, 2022 | Arlington, TX
- Jun 17, 2022 | Live Webcast
- Nov 30, 2022 | Arlington, TX

**GREEN BUSINESS MANAGEMENT**
MGE 920 | 14 Hours | $495
Learn the newest ways to improve energy performance and efficiency with our green business management program. Going green in business means more than just reducing expenses. As consumers are becoming more aware and more educated in sustainable practices, they are turning to businesses and service providers to do the same. Energy conservation, waste reduction, environmental responsibility – these are all things that are a part of green business management.

- Oct 5 - 6, 2021 | Live Webcast
- Mar 16 - 17, 2022 | Arlington, TX
- Jul 14 - 15, 2022 | Live Webcast
- Nov 10 - 11, 2022 | Arlington, TX

**SUSTAINABILITY**
MGE 804 | 32 Hours | $895
Participants will perform sustainability analyses using real-life example situations, discuss how to set sustainability goals and study the methods and tools used to analyze the sustainability performance of private and public organizations.

- Oct 19 - 22, 2021 | Arlington, TX
- Mar 29 - Apr 1, 2022 | Live Webcast
- Jul 19 - 22, 2022 | Arlington, TX
- Nov 29 - Dec 2, 2022 | Live Webcast

**BUSINESS CONTINUITY & DISASTER RECOVERY**
14 Hours | $795
This program will provide individuals with the knowledge to implement a business continuity/disaster recovery program. This three-day course is designed to take the participants from a novice level, with little or no past experience, to an advanced level of recovery planning.

- Oct 2 - 16, 2021 | Arlington, TX
- Feb 19 - 26, 2022 | Live Webcast
- Jun 11 - 19, 2022 | Live Webcast
- Sep 17 - 24, 2022 | Live Webcast
**ENVIRONMENTAL REGULATORY PROFESSIONAL**

**FOUR REQUIRED COURSES:**
- ETI 101: Intro to Environmental Compliance
- AIR 201: Fundamentals of the Clean Air Act
- WTR 301: Intro to Water & Wastewater Regulations
- WST 401: Resource Conservation & Recovery Act

**CHOOSE FOUR ELECTIVES:**
- AIR 210: Air Quality Compliance in Texas
- WTR 302: Stormwater Pollution Prevention
- MGE 810: Environmental Audits
- MGE 811: Intro to Environmental Law
- MGE 817: Pollution Prevention & Lean Principles
- MGE 818: Toxic Release Inventory (TRI) Reporting
- MGE 821: Root Cause Analysis for Env. Professionals
- MGE 822: Lean Six Sigma for Env. Professionals

---

**ESG CRITERIA OVERVIEW**

**MGE 910 | 8 Hours | $395**

Learn about the criteria used by investors when evaluating a company for Environmental, Social, and Governance rating. These criteria reflect on a company’s stance regarding elements such as climate change, waste and pollution, health and safety, working conditions, corruption, and tax strategies.

**Visit uta.worldeducation.net to register**

UPDATE FOR EPA OUTREACH TRAINER COURSE
ETI 503 | 16 Hours | $495
This course is designed for Authorized Outreach Trainers who completed the ETI 501 EPA Outreach Trainer Course. This course provides an update on EPA regulations and instructional approaches.

Prerequisites:
Authorized Outreach Trainers are required to complete the ETI 501 EPA Outreach Trainer Course.

Refresher Training:
Authorized Outreach trainers are required to attend the ETI 503 Update for the EPA Outreach Trainer Course at least once every three (3) years to maintain their trainer status.

UPSKILL YOUR EMPLOYEES WITH OUR TRAINING

GROUP (CONTRACT) TRAINING
The University of Texas at Arlington Environmental Training Institute can deliver any course shown in this catalog at your site, international or domestic, in a time frame that fits your schedule with no employee travel expenses. We will come to you, wherever you are.

AVERAGE OPEN ENROLLMENT COST: 1 PARTICIPANT
Tuition................................................... $595
Hotel...................................................... $600
Meals..................................................... $320
Airfare ................................................... $350
COST/EMPLOYEE..................................... $1,865

CONTRACT CLASS COST: UP TO 20 PARTICIPANTS
Tuition..................................................... $8,000
Hotel........................................................ $0
Meals...................................................... $0
Airfare ................................................... $0
COST/EMPLOYEE..................................... $400

CUSTOMIZED TRAINING SOLUTIONS PROVIDE
• Curriculum tailored to your goals, objectives, and outcomes
• Cost-effective training programs
• Convenient scheduling at your facility
• Experienced instructors bring real-world solutions

Your employees can earn environmental certifications to enhance their credentials.
RESOURCE CONSERVATION AND RECOVERY ACT
WST 401 | 32 Hours | $895
Participants learn about the federal Resource Conservation and Recovery Act (RCRA), and federal, state, and local agencies and their requirements. Participants will be presented with the basics of managing non-hazardous waste, permitting processes, common violations, and waste minimization.
This course is also available online, at your own pace at dedtraining.com

SAVE MONEY | REDUCE RISK | ELIMINATE WASTE
**STORMWATER POLLUTION PREVENTION PLANS (SWPPP)**

WTR 302 | 16 Hours | $650

This course covers the fundamental requirements of a storm water pollution prevention plan. Topics for this course include how to identify a facility’s potential sources of pollution, discharge, or contamination, and methods to prevent and control storm water pollution through the implementation of best management practices (BMPs). Participants will gain an understanding of erosion and sedimentation challenges, as well methods to monitor and evaluate the effectiveness of SWPPPs.

Policies
TEXTBOOKS
All course materials will be provided by UTA unless otherwise indicated. Additional Codes of Federal Regulations (CFRs) may be purchased in English or Spanish by contacting our office. A minimum purchase amount of $200 is required.

ACCOMMODATIONS
The Division for Enterprise Development is dedicated to providing equal educational opportunities to all qualified course participants. Contact cedquestions@uta.edu or call 866-906-9190 for information regarding special accommodations.

TITLE IX POLICY
The University of Texas at Arlington does not discriminate on the basis of race, color, national origin, religion, age, gender, sexual orientation, disabilities, genetic information, and/or veteran status in its educational programs or activities it operates. For more information, visit uta.edu/eos. For information regarding Title IX, visit uta.edu/titleix.

WITHDRAWAL AND TRANSFER POLICY
The University of Texas at Arlington reserves the right to change or cancel any class. In the event that a class must be changed or canceled, you will be notified by email and/or phone. You are required to provide a valid email address and phone number to ensure notification. Cancellations due to insufficient enrollment will be made approximately one (1) to two (2) business days prior to the class start date. Participant withdrawals from a course, may result in a processing fee. If a course is canceled by UTA, participants have the option to transfer to another course, hold their funds in escrow, or receive a refund. No fees will be charged for these transactions if UTA cancels a class.
